

## ***QUALITY POLICY***

It is the policy of *HELIENE* to provide top quality, alternative energy products. The quality of our product and service is assured by meeting customer and regulatory specifications at all times.

## ***OUR VISION***

Our vision is to position *HELIENE* as a strong and growing competitor in the new and emerging solar energy infrastructure market. Our strategy is to position the company as a high-quality, dependable and critical link with the supply chain of the solar power generation industry.
